Single line data plans

How much data do you need?

Choose the right fit for your single line plan

1GB	3GB
\$20	\$30

- **1 GB Plan:** Need just a little data? One GB will get you by if you occasionally browse the web or mostly use Wi-Fi.
- **3 GB Plan:** A good fit if you browse the web, post on social media, or stream music.

Don't sweat going over on your data

If you reach the monthly allotment on your single line phone plan, you can use 2G speeds until your next billing period starts. Or, you can add extra high-speed data for \$15 per GB to tide you over.

Connect with the network

A monthly access charge for each phone line covers your devices' connection to the Sprint network.

\$20/mo.
Leased phone

\$25/mo.
Phone with a 24-mo. contract and Unlimited data

\$40/mo.
Phone with a 24-mo. contract and 6 GB-4G GB data

Get the perfect phone for you

Start by shopping for phones and adding the single line plan right for you.
